Honesty is the best policy, but unfortunately, you can't always rely on someone's word especially when it comes to making hiring decisions. Several studies report 25 to 40 percent of applicants provide false or misleading information about their qualifications or backgrounds. Don't be fooled! Place your trust in an accurate employment screening process from Credit Plus, Inc.

Working with trustworthy loan officers is important to you and your customers. Employment screening from Credit Plus ensures you screen out those who pose a potential threat to your business and your customers' sensitive information.

Not only will you be protecting your customers and your business from fraud when you screen employees, you will be meeting the requirements set forth by the Secure and Fair Enforcement for Mortgage Licensing Act of 2008 (SAFE Mortgage Licensing Act). This law requires that employee information, such as fingerprints, criminal history, background checks, personal history and experience be entered into a Nationwide Mortgage Licensing System and Registry (NMLSR).

Our most popular work-saving feature is the ability to submit a background check application and consent form online with an e-signature.

Turn to Credit Plus for all your information gathering and validation!
